10 Year Warranty

Interactive desk mount solution

Monitor configuration

Amplify productivity with smooth monitor orientation changes to match your workload

Portrait orientation displays are popular in fast pace industries for messaging applications like Slack and Microsoft Teams, with users better able to track long comment threads. AWMS-2-D40 allows users to rotate monitors 90° with the touch of a finger to achieve the display orientation they prefer to work with.

Typical landscape dual

Back-to-back

Landscape-portrait
(allows larger monitor size)
