

Mounting hole pattern:
From 200mm to 700mm wide
From 100mm to 500mm high

Full motion | Medium to large TV articulated arm TH-3060-UFL

Maximum weight carrying capacity:
35kg (77lbs)

Ultra slim mount

for ultra slim medium to large LED, LCD and plasma televisions

For flexible and sleek wall mounting of a medium or large screen TV, the TH-3060-UFL is the perfect solution. The ultra slim articulated arm has three pivot points for tilt, pan or horizontal adjustment to perfect your screen display to suit your environment. The arm comes pre-assembled for a quick and easy installation, and once fitted safely holds your screen less than 49mm from the wall (2") for a streamlined finish. Pre-assembled for quick and easy installation, the latched quick attachment system ensures safe installation with minimal time and effort. Integrated cable management professionally finishes your display.

Product key features:

- Super slim design, allows display to sit only 49mm (1.9") from wall (when folded)
- Allows full range of movement via 3 pivot points
- The display arm can be mounted left or right of the wall plate allowing you to customise your installation to suit your environment
- Adjustable tilt: 5° of upward and 15° of downward tilt
- Adjustable pan (at the mounting head): 90° left and 90° right from the vertical plane*
- Display horizontal adjustment range: 5° left and 5° right
- Maximum arm reach: 625mm (24.5")
- Minimum distance from wall: 49mm (1.9")
- Comes pre-assembled for quick and easy installation

* The degree of pan depends on the size of the monitor/TV.
Maximum allowed display width at full 90° pan is 1117mm (44")
