ATDEC Infinite Mounting Possibilities

We design and manufacture **innovative mounting solutions** for the latest in AV technology

Experts in designing visual technology mounts for:

Strategic zones

“[Make] one decision that eliminates 1000 later decisions.” – Greg McKeown, business strategist

Multi-screen desks provide the infrastructure to enable unprecedented ROI for finance wizards

Articulated monitor arms for superior adjustability

Equip high-demand environments with multi-screen battle stations

Tech-enhanced data aggregation has changed everything. Financial services and mission-critical control rooms have both taken to the multi-screen trend in a big way, jumping on the infrastructure potential of ‘war rooms’ that are adjustable, interchangeable and upgradeable.

Atdec Uncover™ tip

Balance your present and future workspace needs

- › Multi-screen configurations
- › Multi-device adaptations
- › Multi-user ergonomics
- › Upgrade-friendly mounts

Knowledge work zones

Amp up employee efficiency with multi-device workstations

In 1959, management expert Peter Drucker coined the term “knowledge worker” and explored changing roles in an emerging knowledge economy. Today knowledge workers are also digital natives requiring ergonomic, adjustable and multi-device workstations to support peak productivity.

Atdec Uncover™ tip

Turbocharge your workstations with accessories

- › Above-desk charging stations (pictured above and right)
- › Adjustable laptop holders
- › Universal tablet adaptors

Articulated arms for infinite ergonomic adjustments

Collaborative zones

Encourage cross-pollination of ideas with future-forward meeting spaces

The Workplace 2.0 revolution is all about enabling fluid cross-collaboration between floors and departments. Future-forward collaborative zones include large meeting rooms, common digital message boards, web conferencing nooks, and dual-purpose presentation areas.

Wall and ceiling-mounted projectors and screens enable robust multi-purpose areas

Atdec Uncover™ tip

Establish your project parameters

- › Installation surfaces
- › Technology requirements
- › Display applications
- › User environment
- › Future considerations

DISPLAY

Welcome zones

MONITOR

Engage potential clients with strategic reception setups

Projecting a brand-positive image in an Insta-happy digital era begins with next-level reception areas that ‘wow’ customers whether they’re checking into a hotel, booking a meeting room, approaching a service desk, or waiting for an appointment. As marketing guru Seth Godin says, “Whatever the status quo is, changing it gives you the opportunity to be remarkable.”

Options for your next-level reception area include heavy duty monitor arms, video walls, and self-service tablet mounts

Atdec Uncover™ tip

Simplify your mounting selection process

- › Consult our experts about your space needs
- › Schedule your complimentary Atdec Uncover™ diagnostic
- › Review the most promising recommendations
- › Discuss feature/price/ergonomic/aesthetic trade offs

Revitalising your **commercial office** starts here

Atdec Uncover™ is where our infinite mounting possibilities become your specific mounting solutions.
